Dear Don:

As we discussed in a recent telephone conversation, I am writing to see whether the Council for Tobacco Research might be interested in supporting a Workshop on "Vascular and hypoxic insults in the developing brain" for the 1988 ISDN meeting in Jerusalem. I have enclosed a proposal for you to look over. If I need to submit this information in a different form, please let me know.

Thanks for your interest in reviewing this proposal.

With best regards,

Jean M. Lauder, Ph.D.  
President-Elect  
International Society for  
Developmental Neuroscience  
(ISDN)
